Monitor Mounting
Hardware package includes
both short and long screws and
plastic washers.
The long screws & plastic washers
should be used for recessed
monitor mounts.
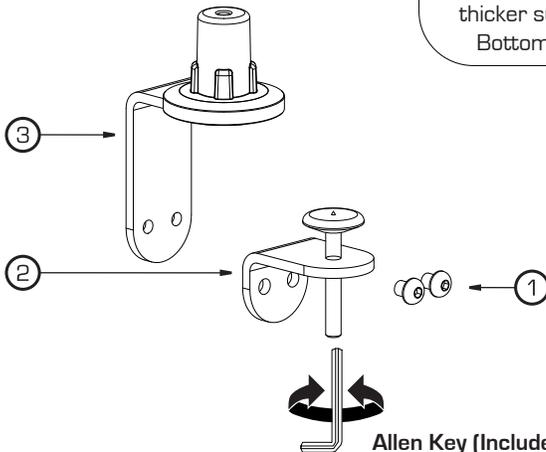

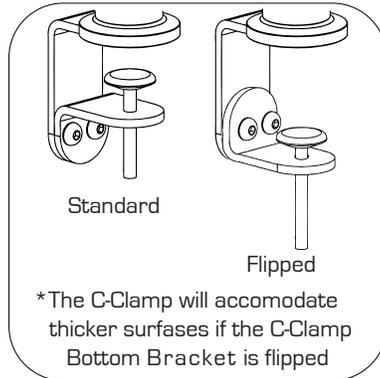

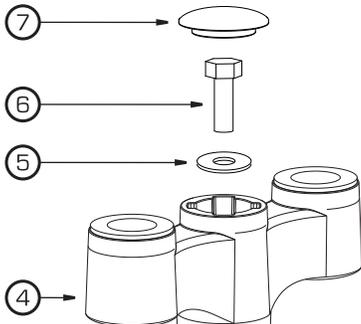

Adjusting Counter Balance
*Required Tool: 5mm Allen Wrench

Position Arm so it is parallel to desk surface.
Turn bolt clock wise for lighter monitors.

Standard

Flipped

*The C-Clamp will accomodate
thicker surfases if the C-Clamp
Bottom Bracket is flipped

Cable Routing

Allen Key (Included)
